

## Buddy Farm Solutions Farm Effluent Irrigation Control

WWW.BUDDYFARMSOLUTIONS.CO.NZ

# Bore BUDDY<sup>®</sup>

Bore Buddy is a complete bore pump controller, scalable for a full range of requirements, from a simple pressure system to complete flow control. Whether it's a DOL, soft starter or variable speed drive, there is a Bore Buddy to suit.

### Control Panel Features:

- Pressure Transducer input for low/high pressure protection
- Level Transducer input for low water protection
- Flowmeter input for flow monitoring and control
- Pipe fill options on pressure and/or flow
- Pump protection
- Multiple pump staging

### Optional System Extras:

- Variable speed drives
- Flowmeter installation
- Buddy Remote for full control and monitoring

*Everybody needs a Buddy.*
