

Buddy Farm Solutions Farm Effluent Irrigation Control

WWW.BUDDYFARMSOLUTIONS.CO.NZ

Gate BUDDY[®]

The Gate Buddy is a controller for all types of yards and gates. Whether it is a backing gate or top gate, there is a Gate Buddy Solution for all sheds. There are also options for retrofit systems to fit existing gates for timed operations.

Control Panel Features:

- Controls Top Gates for up/down and forward/reverse operations
- Full motor starter solution
- Warning Siren
- Automatic operation based on number of platform bails
- One button lift and return feature
- Dung buster control outputs
- Proximity switches for forward/reverse limits
- Rotary limit for up/down limit
- Easily customised for individual solutions via control panel

Optional System Extras:

- Variable Speed Drive for soft start/stop and faster reverse speeds

Everybody needs a Buddy.
